Dear Tornado Customer:

Wind River Systems is pleased to offer you the following no-charge, Tornado II product upgrade. You will need the following information to install the products you have purchased:

Tornado License Number: **16872**  
Licensed for Project: **LRSR**  
Licensed Number of Tornado Users: **1**

The table below lists the products you have purchased and contains the installation keys required by the Tornado Setup program. Be sure to save this information in case you need to re-install.

Product	Description	Product Number	CD-ROM Location and Installation Key
BSP 1.2	BSP: pc486	100-9141-ZC-30	CD Title: <b>Tornado 2.0 for Intel x86</b>
Tornado 2.0	Tornado: Sun SPARC/x86 Object Code	100-10036-1C-30	Part No.: <b>TDK-12835-ZC-00</b>
WindNavigator 1.0.1	WindNavigator: Sun SPARC/x86	100-11252-1C-30	Install Key: <b>FFKFr-Qd3Gp-hdA79-gQDB7-79CKC</b>

To install your products, simply run the Setup program from the CD-ROM drive on your computer and follow the instructions.

By default, the installation keys select all of the products you have purchased. If you do not wish to install all purchased products, you can use the Tornado Setup program to customize your installation. For more information about installation options, please see the Tornado Getting Started booklet.

Should you encounter any problems during installation, please contact your nearest Wind River Systems Customer Support Center:
